### Keep the Docks Clear

Please note that no items are allowed to be stored on the dock fingers, the main walk, or in the garage.

### Watch Your Wake

Boaters should be aware of what kind of damage they can cause when travelling too fast. Even if traveling the speed limit, if a vessel is causing an excessive wake, the boater can still be cited and is liable for damage caused by their vessel's wake.

Also, if you cause damage from your wake anywhere in the marina waters, your insurance premiums could go up if eyewitnesses attest to damage and those affected by it seek redress.

### Bike Protection

The Marina del Rey Sheriff has put out a warning that there is a wave of bike thefts going on in the area. Boaters please take pre-cautions to protect your bikes by locking them with a U-Lock as opposed to a cable which is easily cut.

Chubby's Bikes is offering a discount to Esprit Residents and Boaters for purchases, so grab a sturdy lock and enjoy biking the Marina. 5431 Sepulveda, Culver City 310-751-6172

## Waterbus Schedule
